MODULAR CARPET

Artisan & Artisan Accent

Artistry and skill work in tandem through a weaver's hands. The time-honored artisanal tradition of hand-weaving is a labor of love, with each textile masterpiece telling a story through its color, fiber and design. Artisan returns with seven beautiful neutrals. Artisan Accent weaves in beautiful wefts of highlighted color, creating varied, dynamic patterning. Both available as 24" x 24" tile.

RECOMMENDED INSTALLATION METHODS

Due to the unique visual characteristics of modular carpets, pattern repeats and pattern run-off seams may appear more noticeable than in broadloom carpets. Such visual characteristics do not constitute a manufacturing defect, and as such, should be considered when selecting modular carpet and its installation. These photographs are representations of the installation for this modular product. Your modular installation may look different than these photos depending upon individual tile placement, lighting and overall space layout, including furnishings. Final tile placement and the resulting visual is thus the customer's, and not EF Contract's, responsibility.
