# HARMONIA

Inspired by Nature, Crafted by Parador.  
Engineered Wood

Step into a space where the natural world is not only reflected, but reimagined. Harmonia is more than a collection; it's a sensory experience, where engineered wood becomes a language of expression. Warmth, texture, and rhythm converge in a curated portfolio that invites connection, between nature and design, material and emotion, form and function.

Made in Austria, and rooted in Parador's legacy of European craftsmanship, Harmonia explores the tension between the organic and the constructed. Each of the seven surfaces draws inspiration from the tactile signatures of the world around us, grain, stone, bark, and reinterprets them through technical mastery and contemporary design language. The result is a collection that feels instinctive yet intentional, quiet yet bold.

Every plank in Harmonia tells a story of material intelligence, subtle complexity and aesthetic restraint. It's a surface solution designed not only to complement environments but to become part of the architectural narrative itself. Whether enhancing the interplay of light and space or adding depth and nuanced atmosphere, Harmonia's varied textures bring context, organic movement, and subtle harmony to interiors.

Created for architects and designers shaping emotionally resonant environments, Harmonia is crafted with sustainability at its core. Low-emission manufacturing, responsible sourcing, and enduring quality reflect Parador's long-standing commitment to thoughtful innovation. These are surfaces made to last, physically, visually, and emotionally.

With Harmonia, Parador invites you to build with purpose, to design with feeling, and to bring the outside in with beauty, integrity, and lasting impact.

# A WORLD WHERE EVERY FLOOR TELLS ITS OWN STORY

At Parador, we believe every surface should speak with character. Our innovative SurfaceONE™ technology represents a major advancement in engineered wood production – uniting state-of-the-art technology with time-honoured craftsmanship.

This next-generation processing method allows us to replicate the nuance and individuality of hand-finished surfaces at scale – without sacrificing quality or artistry. The result is engineered wood flooring that captures the depth, texture, and emotion of natural timber.

From brushed and sawn textures to wormholes and vintage-inspired patinas, each plank reveals the story of the wood's growth and transformation. What once required hours of skilled manual work can now be achieved through intelligent production techniques that honour the material's natural origin.

These richly detailed surfaces spark emotion and elevate atmosphere – inviting designers and architects to create spaces that feel lived-in, authentic, and alive. With its flexible applications and deep visual character, the SurfaceONE™ system empowers us to meet the demands of bespoke design and deliver flooring solutions that are as individual as the people who walk on them.

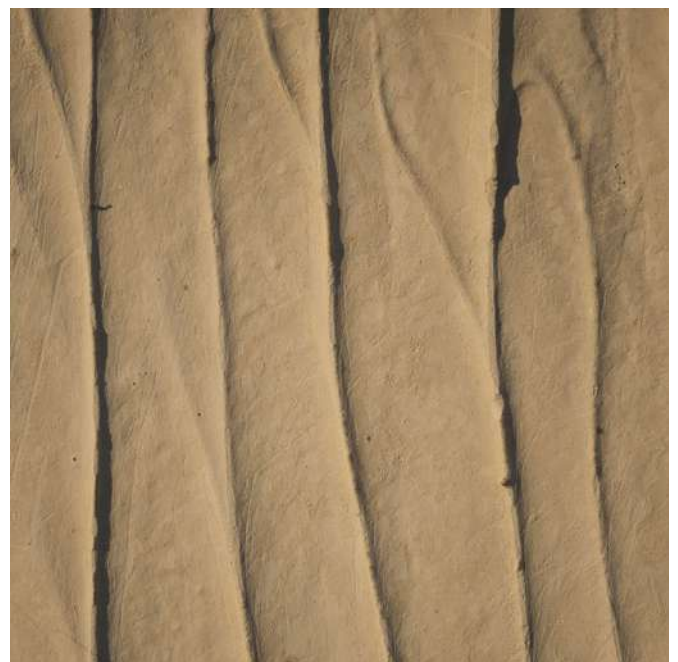

# FLECTO

**Structured Flow,  
Natural Precision**

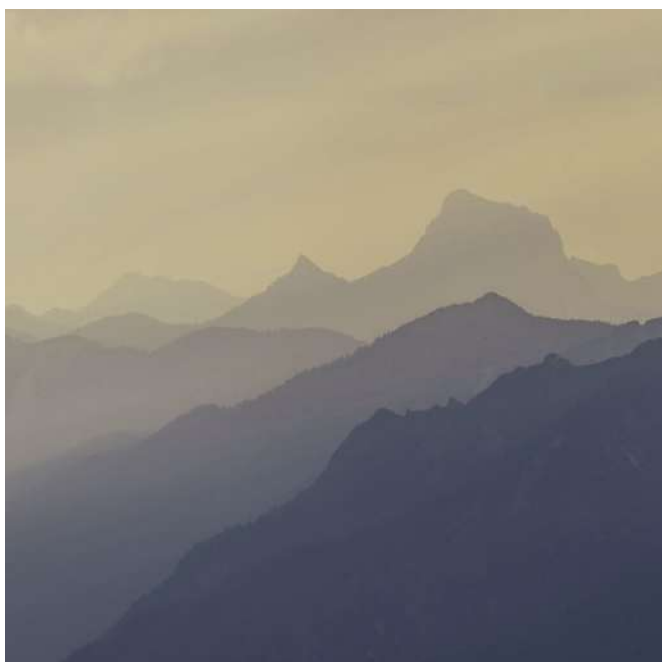

Flecto finds rhythm in geometry. Its angled planning and bold, wave-like pattern reference both architectural rigour and the erosive logic of the natural world. The result is a surface that feels alive, dynamic yet controlled. Ideal for feature flooring, gallery spaces, or large-scale lobbies, Flecto balances visual movement with dimensional structure, becoming a statement underfoot.

**Oak Flecto**

<b>Color</b>	Champagne
<b>Grading</b>	Natural
<b>Surface Finish</b>	Extra matt lacquer
<b>Format</b>	Wide plank, 4-sided bevel
<b>Dimensions</b>	86.614 x 7.283 x 0.512 inch
<b>Product Number</b>	1751339

### **Color – Champagne**

Champagne captures the soft radiance and quiet elegance of sunlit landscapes. Its warm, sandy tones evoke a sense of openness and calm, reflecting the subtle beauty of nature shaped by wind and time.

Flecto is available in all seven color options. Please see page 41 for details.

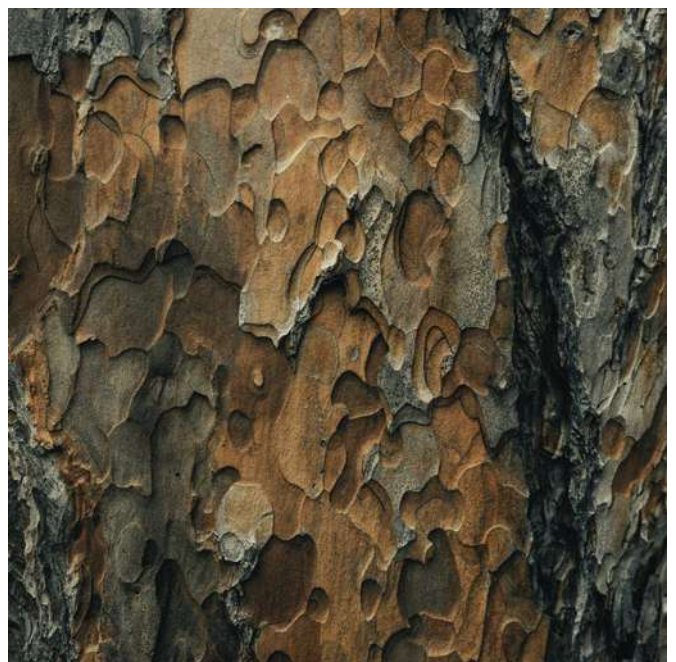

# SENSUS

Tactile Warmth,  
Organic Familiarity

Sensus triggers a sensory response. Deeply brushed to echo the tactile richness of walnut shells, almond skins, and tree bark, it combines raw material beauty with an almost textile softness. Its surface radiates a natural warmth, making it particularly suited for intimate settings, boutique hotels, cultural venues, and residential spaces where atmosphere is everything.

**Oak Sensus**

<b>Color</b>	Acorn
<b>Grading</b>	Character
<b>Surface Finish</b>	Extra matt lacquer
<b>Format</b>	Wide plank, 4-sided mini design bevel
<b>Dimensions</b>	86.614 x 7.283 x 0.512 inch
<b>Product Number</b>	1751345

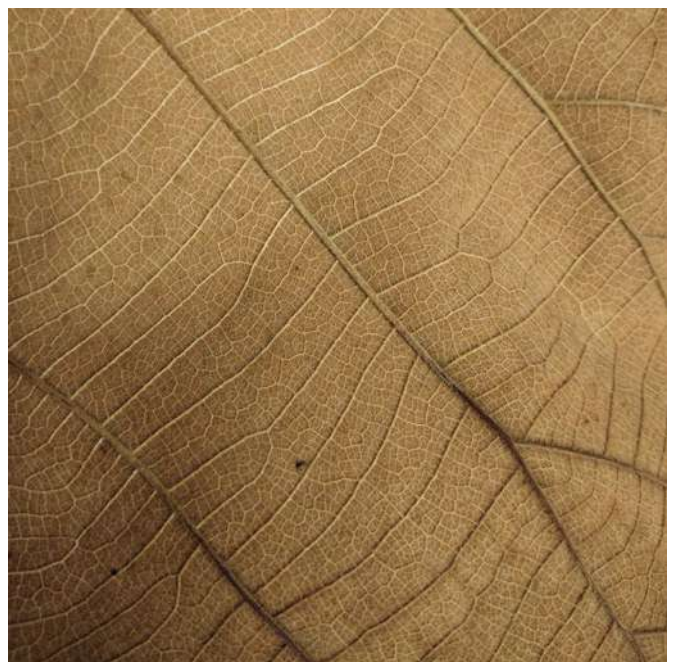

### **Color – Acorn**

Acorn embodies the quiet warmth and organic richness of nature at its most generous. With soft, golden-brown tones inspired by autumn forests and sunlit woodlands, it brings an inviting sense of comfort and grounding.

Sensus is available in all seven color options. Please see page 41 for details.

# FAVO

Geometric Texture,  
Refined Contrast

Favo reinterprets natural order with a fashion-inspired edge. A subtle honeycomb texture, planed, brushed, and rough-sawn, evokes both nature and geometry. Architectural in sensibility, it pairs structural depth with soft grain patterns, resulting in a surface that feels both sculptural and wearable. Favo excels in interiors where tactility and tone are key tools of expression.

**Oak Favo**

<b>Color</b>	Brunet
<b>Grading</b>	Natural
<b>Surface Finish</b>	Extra matt lacquer
<b>Format</b>	Wide plank, 4-sided bevel
<b>Dimensions</b>	86.614 x 7.283 x 0.512 inch
<b>Product Number</b>	1751346

### **Color – Brunet**

Brunet celebrates the quiet sophistication of natural brown tones, capturing warmth and depth in perfect balance. Inspired by hand-finished woods and sun-aged earth, its rich, golden undertones add an understated sense of luxury.

Favo is available in all seven color options. Please see page 41 for details.

# TACTUS

Architectural Grain,  
Authentic Character

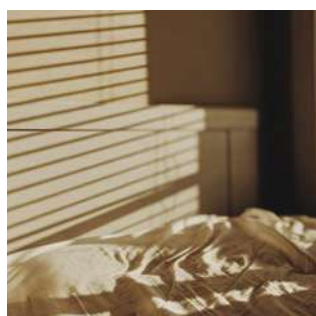

Tactus embraces imperfection. A deep-brushed, saw-cut surface reveals the wood's natural character, enriched by a contemporary linear structure. With its raw-meets-refined finish, it lends itself to design-forward hospitality, public and cultural spaces; environments where material authenticity elevates experience. Tactus speaks of heritage and progress in the same breath.

**Oak Tactus**

<b>Color</b>	Nougat
<b>Grading</b>	Rustic
<b>Surface Finish</b>	Extra matt lacquer
<b>Format</b>	Wide plank, 4-sided mini design bevel
<b>Dimensions</b>	86.614 x 7.283 x 0.512 inch
<b>Product Number</b>	1751347

### **Color – Nougat**

Nougat embodies a soft, natural warmth that feels inviting but assured. Its golden-beige tones recall sunlit wood and delicate earth pigments, creating a sense of comfort without overpowering a space.

Tactus is available in all seven color options. Please see page 41 for details.

# RATIO

Calculated Beauty,  
Structured Depth

Ratio is a study in geometry. Its planed surface of repeating squares and rectangles brings a sense of order to the unpredictable nature of wood. Rooted in architectural language and human logic, the design is both visual and tactile, grounded, symmetrical, and quietly confident. Ideal for commercial projects requiring a composed, modern surface with conceptual depth.

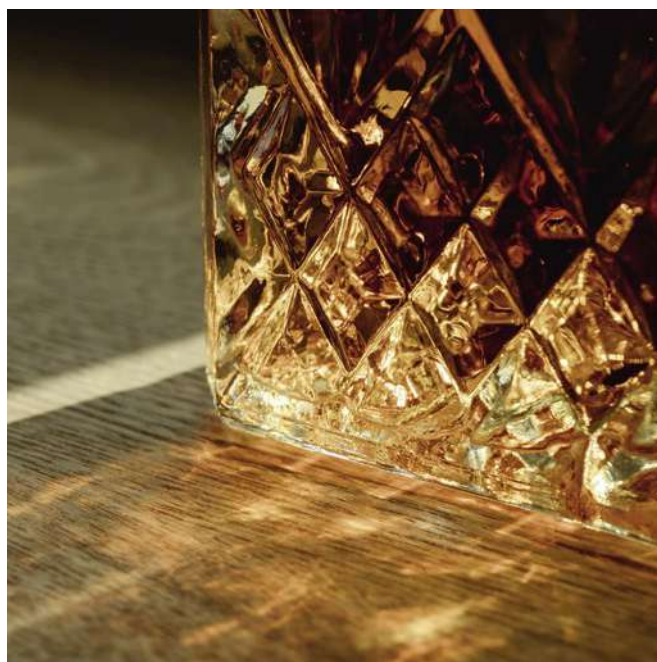

**Oak Ratio**

<b>Color</b>	Cognac
<b>Grading</b>	Living Plus
<b>Surface Finish</b>	Glossy lacquer finish
<b>Format</b>	Wide plank, 4-sided bevel
<b>Dimensions</b>	86.614 x 7.283 x 0.512 inch
<b>Product Number</b>	1751340

### **Color – Cognac**

Cognac expresses the richness of natural mid-brown tones with an effortless sense of balance and sophistication. Inspired by the warmth of sun-aged timber and the soft glow of crafted materials, it offers a depth that feels both grounded and inviting.

Ratio is available in all seven color options. Please see page 41 for details.

# NEXUS

Linear Tension,  
Elemental Movement

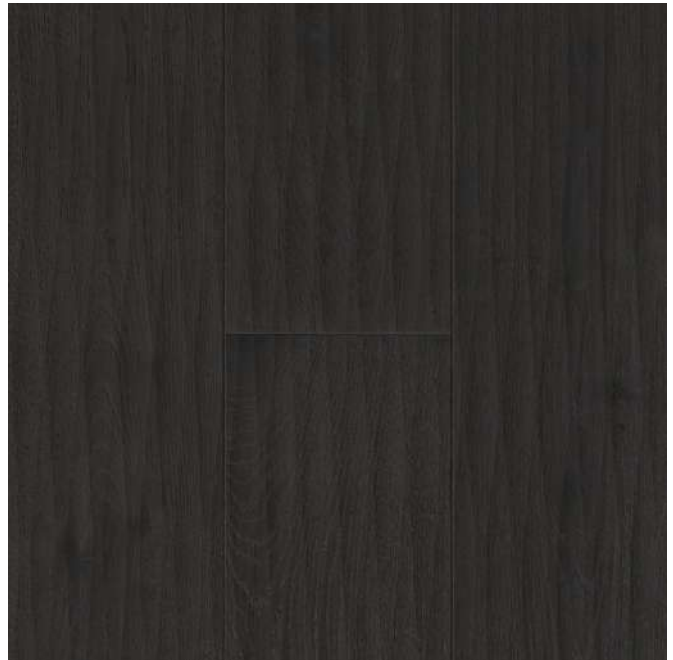

Nexus explores connection. Inspired by intersecting rail lines, flowing sand, and surface ripples, its layered linearity converges and diverges across the plank. There's movement here, both natural and engineered. Its aesthetic is directional, architectural, and poetic, perfect for spaces that explore the interplay between rhythm, light, and material.

**Oak Nexus**

<b>Color</b>	Java
<b>Grading</b>	Living Plus
<b>Surface Finish</b>	Extra matt lacquer
<b>Format</b>	Wide plank, 4-sided bevel
<b>Dimensions</b>	86.614 x 7.283 x 0.512 inch
<b>Product Number</b>	1751342

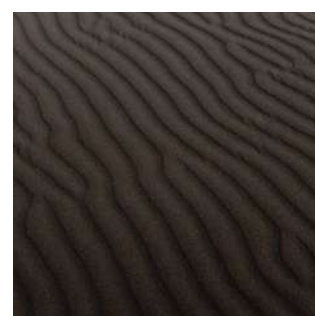

### **Color – Java**

Chic, classic, robust and confident, Java's saturated, slate-colored hues resonate within a space, giving it artful gravitas and visual intensity. It's bold, yet balanced hues perfectly reflect the layered, natural texture.

Nexus is available in all seven color options. Please see page 41 for details.

# UNDULA

Silken Texture,  
Subtle Depth

Undula is where softness meets strength. A fine-brushed, wave-like structure delivers a fluid, tactile surface, reminiscent of silk and shadow. In deeper, moodier tones, it anchors interior spaces with quiet depth and complexity. Undula is particularly well-suited to sophisticated retail, hospitality, and cultural environments where contrast and calm coexist.

**Oak Undula**

<b>Color</b>	Espresso
<b>Grading</b>	Living Plus
<b>Surface Finish</b>	Extra matt lacquer
<b>Format</b>	Wide plank, 4-sided bevel
<b>Dimensions</b>	86.614 x 7.283 x 0.512 inch
<b>Product Number</b>	1751343

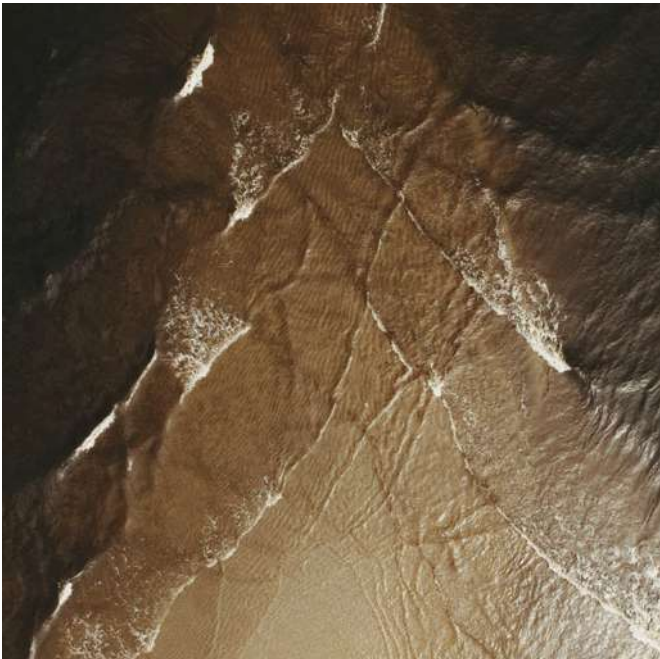

Undula

**Color – Espresso**

Espresso captures the depth and intensity of nature’s richest tones. Its dark, roasted brown evokes quiet strength and timeless elegance, creating surfaces that feel centered, elevated and purposeful.

Undula is available in all seven color options. Please see page 41 for details.

# DESIGNING HARMONIA

At the heart of Parador's design philosophy is Franziska, our in-house designer and the creative force behind the Harmonia collection. With a background in product design from the Royal College of Art in London, she views flooring not simply as a surface, but as an essential element in shaping how spaces feel and function.

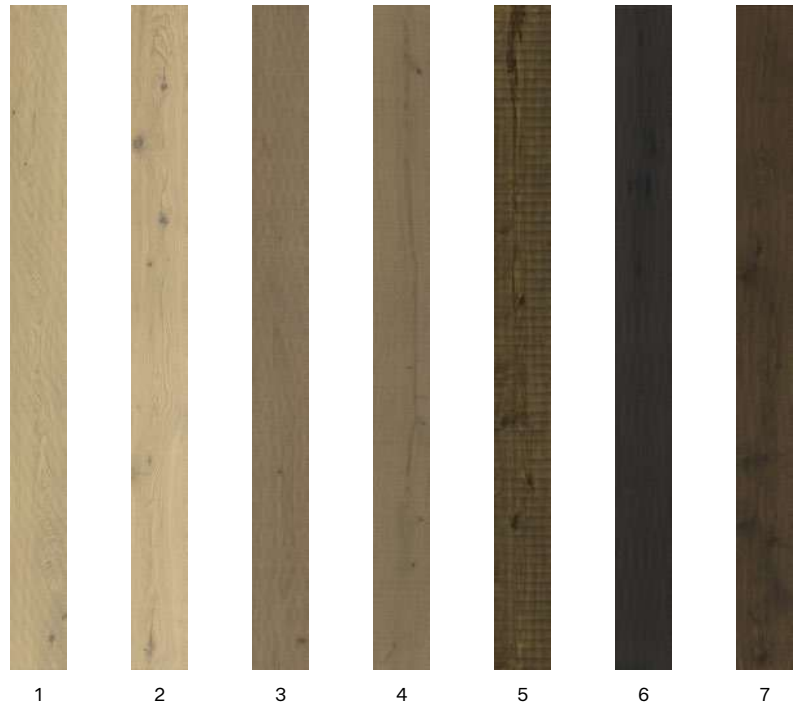

For Harmonia, Franziska drew inspiration from the balance of nature and the quiet strength of timeless architecture. Each décor has been crafted with meticulous attention to texture, tone and proportion, resulting in a collection that gives architects and designers a versatile palette of surfaces with a refined, tactile quality.

Her work reflects Parador's commitment to design authority, combining technical innovation with a deep sensitivity to materiality. Leading the collection's development, Frank Petersen translates that vision into production-ready reality, refining construction, performance and sustainability, so Harmonia pairs refined aesthetics with dependable performance.

# ENGINEERED WOOD

We understand how to bring the natural beauty of wood to life and with our wide range of textures and gradings, formats and colors, no two engineered wood floors are the same.

1	<b>Oak Flecto champagne</b> Natural, extra matt lacquer	1751339
2	<b>Oak Sensus acorn*</b> Character, extra matt lacquer	1751345
3	<b>Oak Favo brunet</b> Natural, extra matt lacquer	1751346
4	<b>Oak Tactus nougat*</b> Rustic, extra matt lacquer	1751347
5	<b>Oak Ratio cognac</b> Living Plus, glossy lacquer finish	1751340
6	<b>Oak Nexus java</b> Living Plus, extra matt lacquer	1751342
7	<b>Oak Undula espresso</b> Living Plus, extra matt lacquer	1751343

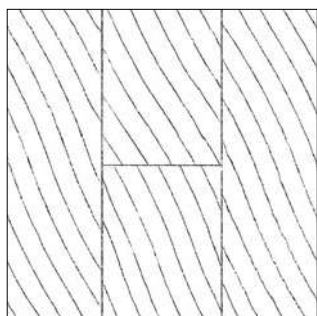

<b>Wide plank</b>	86.614 x 7.283 inch
<b>Plank thickness</b>	0.512 inch
<b>Top layer</b>	approx. 0.142 inch
<b>Construction</b>	3-layer sandwich structure
<b>Middle layer</b>	Solid softwood
<b>Bevel</b>	4-sided bevel / *with 4-sided mini design bevel
<b>Guarantee residential</b>	25 years
<b>Guarantee commercial</b>	10 years
<b>Swelling protection</b>	Top layer impregnation
<b>Underfloor heating</b>	Suitable for installation on underfloor heating and underfloor cooling
<b>Click connection</b>	Automatic-Click system
<b>Installation</b>	Floating, all-over adhesion

Depending on the surface structure, color, and lighting conditions, the gloss level may appear differently and can deviate slightly from the specified value. As part of the manufacturing process, fine planing marks may appear on the surface. These are characteristic of its handcrafted nature and result in an authentic material appearance.

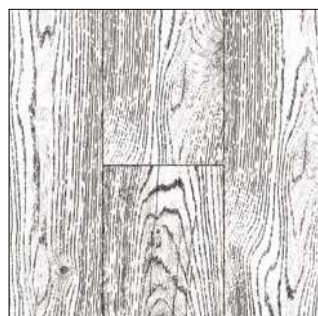

# 7 DESIGNS IN 7 COLOURS

With Harmonia, creativity has no limits. Each of the seven designs is available in all seven colourways, giving architects and designers the freedom to tailor every floor with precision and imagination.

# WHAT MAKES HARMONIA EXCEPTIONAL?

## 1. Natural Expression

Each design in the Harmonia collection captures the soul of real wood, elevating grain, tone, and texture into a warm, immersive aesthetic.

## 2. Sustainable Craftsmanship

Combining low-emission production with renewable materials and Austrian-made quality, Harmonia balances environmental responsibility with long-lasting beauty.

## 3. Versatile Design Language

With seven distinctive finishes, Harmonia offers a curated palette for emotionally resonant interiors, supporting diverse creative visions across residential and commercial spaces.

## 4. A Sensory Experience

Carefully sculpted surfaces invite touch and interaction. Light plays differently across every texture, creating a dynamic, tactile and luxurious experience underfoot.

## 5. Bespoke Design Possibilities

With the flexibility of the SurfaceONE™ technology, Harmonia offers tailored solutions that meet the needs of architects and designers, turning surfaces into storytelling elements.

# COMMERCIAL SERVICES

## **Free Sampling**

Experience our complimentary sampling service in partnership with Material Bank (in participating markets). Designed for efficiency and ease, place your request through any sampling medium by 4pm locally and your selection will arrive within one to four business days.

## **Client Service**

From first concept to final installation, our team ensures every detail of your project is thoughtfully managed. Our client services team are available from 8:00am to 5:00pm local time.

## **Quick Ship Collection**

A curated edit of timeless classics and sought-after contemporary favorites, available for shipping in just ten business days in participating regions. Terms and conditions apply – please consult our website or your regional account manager for full details.

## **Custom Design Service**

From personalized color palettes to bespoke formats, our custom design service transforms ideas into tailored solutions. Working hand-in-hand with your design and specifying teams, we bring projects to life with precision and creativity. Our state-of-the-art production facilities allow us to meet every requirement, from subtle color matching to fully bespoke compositions.

## **Environmental Product Declarations (EPDs)**

As a market leader for sustainability, every Parador flooring solution is supported by a product specific Environmental Product Declaration, offering full transparency on carbon footprint and environmental impact.

## **Virtual Room Planner**

Bring your vision to life with our virtual room planner. Visualize Parador floors within any interior in real time, allowing you to guide your clients with clarity and confidence.

## **Engineered wood color sample collection**

With more than 500 engineered wood surface samples, our collection offers unrivalled breadth for exploration. Each sample is a resource for developing distinctive products, enabling you to refine every detail to your individual visual.

## **Project Estimating**

Our technical service team is here to support every stage of your project. From initial concept through to detailed costings, we collaborate with you to design and accurately estimate tailored flooring solutions – ensuring precision, efficiency, and peace of mind.

## **Technical Service**

Our experts provide tailored guidance on product selection and installation, ensuring every detail is executed to the highest standard. With us, technical precision becomes an integral part of your project's success.

## **Showrooms**

Welcome your clients into our exclusive showrooms – spaces designed to inspire. Explore large-scale sample panels in an environment reflective of the quality of our collections or make use of our refined workspaces to collaborate and create with confidence.

# PARADOR ONE

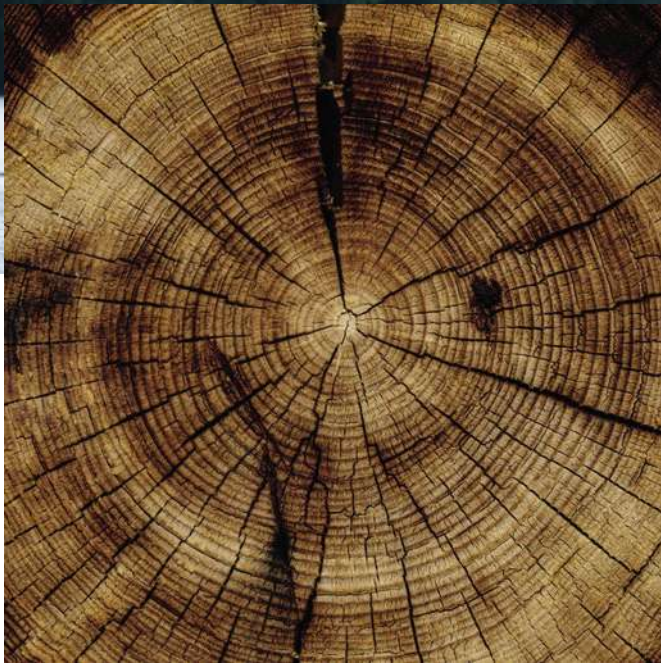

# ONE PLANET. ONE CHANCE.

At its core, sustainability is a human promise, to protect one another by protecting the world we share. At Parador, sustainability is a guiding principle that shapes every decision we make. Our approach, known as **Parador ONE**, reflects a holistic, long-term commitment to creating products and practices that are both environmentally responsible and design-forward.

Parador ONE represents a unified vision: to lead not only through design and innovation, but through ethical production, responsible resource use, and transparent, measurable environmental impact. It influences every stage of our process, from raw material sourcing to manufacturing, certification, and distribution, ensuring integrity across the entire value chain.

We believe true sustainability happens when form, function, and responsibility align. That belief is brought to life in our Harmonia collection, where nature's quiet complexity meets the precision of human craftsmanship. With sculpted surfaces, refined textures, and timeless elegance, each plank becomes part of a larger architectural story, designed to endure, inspire, and connect.

## Certified Leadership in Sustainability

As part of Parador ONE, we've made it our responsibility to hold ourselves to the highest standards in the industry. Our operations are supported by a full suite of globally recognized certifications.

### Harmonia product certifications

## Our Achievements

- 99% Waste Recycled
- Certified Sustainability
- EMAS III validated
- EcoVadis Gold-rated – top 5% globally (in our industry)
- Winner of the German Sustainability Award
- Sustainability Report – full transparency

## Our Goals

- Carbon Neutral Production by End of 2025
- Employee Wellbeing
- Developing Red List Free Products
- Circular Economy – Closed Loop Recycling

### Parador company certifications
